Dear Praying Friends,

Philippines Trip

The trip to Eastern Samar in the Philippines was truly an amazing blessing! Thank you once again for your prayers!

As you read this letter, perhaps you would pray for the individuals being highlighted. It is great to realize that **Pastor Lebron Macasa and his dear wife Analyn** will be personally trying to follow-up the folks we met and to whom we ministered. We want to acquaint you with some of these precious souls.

At the first clinic in the village of Jetty Hollywood in Guiuan (pronounced GEY [as in KEY] WAN) one of the last persons ministered to was **Theresa**. She said her heart was hard, and she could not trust Jesus. Not only Rick, but also **Pastor Lebron** (on the left in the picture) **and another Filipino assistant pastor** (middle) tried to help this dear woman simply exercise faith in what Jesus had already done on the Cross for her. Ultimately it seemed like there would be no spiritual fruit, but Rick had used a small EvangeCard to explain the Gospel one last time before she left. He thought that was it, but later during our packing up time, Theresa came back with several girl friends who were interested in the EvangeCard. So he was able to explain one more time to her AND her friends also and give each of them a card!

The of Barbo. sun, so we **Angelica** again that

second clinic was more out in the country at the village Everyone had to wait outside in the blistering tropical appreciated a tarp that provided some shade. There heard the life-giving Gospel message. She was born day on May 26! **She will be in Heaven because of**

YOUR prayers and gifts!

Once more the last patient of the challenging spiritual case. **Rectu** (on the actually lived on another island, and he visiting Barbo during the clinic. It turned but it really took a long time to be able to case, he was quite open to what Rick was regarding that false religion. He took the said he would carefully look into it.

day proved to be a left in the picture) *just happened* to be out he was a Mormon, discern that fact. In any able to share with him Gospel literature and

Benin Clinic

We will share more in future updates. For now we ask you to **PRAY** for a small team in Benin, West Africa until August 27. **Dr. Steve** and **Katrina**

Boutrus expect to leave NH and begin several months of French language study before hopefully arriving as **GDMissions' FIRST full-time on-site medical missionaries at the Benin Clinic** early next year. This is a **MAJOR** step of faith both for them and our mission. They

need your prayers!

Representing the Mission

We continue busily representing this vital ministry of compassion, healing, evangelism, discipleship and church-strengthening at many churches throughout central Florida. Usually we get to visit two different churches every Sunday.

Recently we were pleased to be able to give oral presentations at four new locations. *Would you please ask the Lord to open doors to give more in-depth presentations at the churches we contact?*

Family

Finally, we continue to assist our daughter **Sharon Rose** and her husband **James** in the care of our dear grand-children **Annika** (3) and **Timothy** (soon-to-be 3 months). This keeps us really active, but, oh, what a joy it is!

Christ's unworthy servants,
Rick & Becky Enterline
