

May 2014

Dear Supporters & Prayer Partners,

God has been so very good to us, and we thank and praise Him for meeting our needs!

By praying for Grace Dental & Medical Missions' efforts to win the lost, you participate in sending healing for the body and the soul to some of the World's most needy people.

### Return Ministry in the Philippines

As you know, GDMissions has already been able to send two emergency teams with timely help to some of the regions of the Philippines most devastated by Typhoon Haiyan that struck last November.

One thousand tooth brushes have been distributed already. We praise the Lord for the gifts of His children who send money and supplies for the GDMissions' ministry. As the Apostle John wrote in his third letter, verse 5, "Beloved, thou doest faithfully whatsoever thou doest to the brethren, and to strangers."

Little girl receiving a tooth brush and essential dental care

We write to you now because we know you will want to lift up in prayer the third team of medical and dental professionals who will be traveling beginning this Saturday, May 10 through Monday, May 12. The clinics and evangelism ministries will begin on Tuesday, May 13. There will be a total of eight days of ministry at six different locations.

What follows below is a detailed explanation of what will happen, taken from a recent Philippines Ministry Prayer Bulletin, in case you did not receive it.

"The medical and dental team will minister for one week near Vigan; [then] a team of U.S. and Filipino health professionals, national pastors, and local believers will spend a week in Eastern Samar where **an opportunity** was opened, by God's providential hand, **to begin home Bible studies and eventually start local churches.**

**"Eastern Samar was culturally and religiously closed to a Gospel outreach from the outside until the typhoon tore through the island and lowered barriers of resistance.** People were saved at medical clinics in the past six months and others seem willing to hear and learn God's Word. Last month, Associate Missionary J.P. Pornan [Filipino national pastor] and others visited Eastern Samar to prepare the way for a medical and dental evangelism clinic which will identify village locations where national pastors might begin local churches."

It will be a rigorous schedule. PRAY for safety in travels and stamina and wisdom to minister. Please PRAY for the team members to have the compassion to meet both the physical and the spiritual needs of despairing souls. Ask the Lord to open the hearts of the people who will receive both physical and spiritual care. Our constant desire is that these precious folks will repent and believe the Gospel.

If you have a Facebook account, you can visit this website ([Click here!](#)) and get current information on the team, including photos and prayer requests.

### Rick Going to Chuuk, Micronesia Again!

Rick is looking forward to returning to Chuuk, Micronesia. Please pray for the team who will be ministering on the island of Weno, Fefen, and Tol from July 5~19. It will be our first time to go to Tol, an island whose people have a bit of a reputation for lawlessness. Stamina, health and wisdom for the team members are needed. We yearn for open hearts for the people there.

### Progress on the Benin Clinic

We praise the Lord that work has begun on digging the well to provide water for the Benin Clinic! Also, soon production of cement blocks will begin. These will be used for the

Digging the Benin Clinic well by hand!

actual construction of the Clinic. PRAY that everything will go smoothly and for safety of the workers.

A special blessing we want to share is that one of our supporting churches, Bible Baptist Church, West Chester, PA has taken a great interest in the Clinic. Thank you, Pastor Brabson and our dear brethren, for the very generous gift for the purchase of medical and dental supplies to be used at the Benin Clinic! Not too long ago the Womens' Missionary Fellowship gathered a lot of supplies to be used on other mission trips. We truly praise the Lord for the example this church has set of partnering with GDMissions to reach lost souls and establish new churches.

Your faithfulness in praying for us and the ministry of Grace Dental & Medical Missions means so much to us personally. Who can determine your impact on souls in the light of eternity? May the Lord continue to bless you, our precious friends and encouragers!

As a post script we thought those of you who know us from our time as missionaries in Japan would rejoice with us to learn that a dear lady Becky had the opportunity to befriend when we filled in for another missionary couple wrote to say she plans to get baptized on her birthday! That happens to be Becky's birthday, too. We are delighted that the work of the Gospel progresses in Japan.
