

Tooth Tales

A Newsletter of Jack & Jennifer Mitchell

November 2012

Being back in the States for the month of October and part of November has given us the opportunity of catching up in a number of areas. When we are involved in an overseas ministry lots of things at home get put on hold! We have appreciated having some time to switch our focus and concentrate on some other responsibilities.

October was filled with travel. First to a mission conference at Bob Jones University in Greenville, South Carolina where we were able to talk with pre-medical, pre-dental and nursing students about serving the Lord overseas. We also visited a number of churches while on this trip, presenting the work of GDM Missions. We thank the Lord for His protecting hand upon us as we drove many miles.

We were able to visit with Jennifer's sister, Sheila, in Ohio for a couple of days, and through the generosity of some believers, we enjoyed taking a trip with her to the Creation Museum. You might remember that Sheila's husband, Jeff, went to be with the Lord a few months ago after a brief illness. Thank you for praying for her and for our nephew Scott. God is holding them up.

We arrived back home in time to visit a supporting church in Maine just before Hurricane Sandy blew into town. We had no damage from the storm and didn't even lose our electricity. The following week we headed to West Virginia for another mission conference and were saddened to see at least one hundred electrical trucks heading to the heavily affected areas in New York and New Jersey. While we were very grateful that our area had been spared, we experienced some survivor's guilt as we realized how badly some areas had been damaged.

We have much to thank the Lord for this month as He has allowed us to move into our new office space while we are in between ministries. After months of cleaning, painting and upgrading the facility we are renting, we are "IN"! There is still much to do but at least we are now able to work in our office and it is becoming more like home to us. We want to say a huge THANK YOU to those who have

Next patient? Benin

generously provided so many needed items and who have volunteered their labor. We never cease to be amazed by the generosity of God's people.

This time at home has also given us the opportunity to have some medical check-ups and help Jack's mother with the same. We thank the Lord for the good reports we have all received.

Gospel being preached in Benin

In just two weeks we will be off to Southeast Asia for ministry in a restricted access country. We leave December 7th for ten days of service. We would really appreciate your prayers for doors

Receiving treatment - Benin

of opportunity to be opened and for safety as we travel there and within the country. When we return, Jack and a team of five will be heading to the West African country of Benin for two weeks of ministry. The ministry there this past September was a great blessing as hundreds of people in this predominantly Muslim area heard the gospel as they

awaited treatment. Again prayer will be very much needed as we are hoping that permission will be granted for further involvement in Benin through a permanent medical clinic. Things are still in an unsettled state in Niger where the team must fly into and out of so please bring this before the throne of grace as well.

Thanks so much for your continued prayers for our ministry. Through them, we receive God's grace and strength and help to continue serving the King of Kings around the world. He is worthy of all of our efforts!

Sincerely in Christ,

Jack and Jennifer
